

COVID-19 Update: March 18, 2020

Communication for All Residents, Clients, Families and Staff

We are pleased to inform you that there have been no significant updates since our communication on March 17, 2020 and that we have no active cases of COVID-19 to date.

We know that most of you are aware that Ontario Premier Doug Ford declared a state of emergency across the province which allows the government to institute broad powers to cope with the spreading of COVID-19. In his press conference, he ordered recreation centres, public libraries, private schools, daycares, bars, restaurants, theatres, concert venues and cinemas to close immediately and remain closed until March 31 at the earliest.

These measures in no way impact the delivery of our services to our clients, residents, staff and families.

We continue to be impressed with the great work being done at the sites and thank everyone for their dedication to providing quality services to our clients and residents. As always, we will continue to provide updates to you via our website.

Take care and stay well.
